

Attention Graduate Students!

**CALL FOR
ABSTRACTS!**
*Due: December 21,
2007*

**Graduate Student
Symposium
February 22-24, 2008
LUMCON
Cocodrie, LA**

The members of the Marine Environmental Researchers (MER) graduate student organization at Louisiana State University are proud to host the ninth annual Graduate Student Symposium. This year's symposium will be held from February 22-24, 2008 at the Louisiana Universities Marine Consortium (LUMCON) in Cocodrie, LA.

The Graduate Student Symposium has been an annual spring event since 1999, when graduate students of the University of South Alabama, the University of Southern Mississippi, and Louisiana State University joined together to create an opportunity for students in marine sciences to present their research in a supportive, non-threatening environment at a cost suitable for students. Past symposia have been a great success and we are confident that this year's event will be as well. We hope to attract attendees from universities throughout the southeast in order to widen the scope of research areas represented.

Online registration is available at www.lumcon.edu/gss2008!

Any questions or concerns please email MER at GSS2008@lumcon.edu
